Candidates for State Officers to Discuss the Issues: Governor McDonald Expected at a Meeting in Near Future.

and pompous spouter of Shakespearean blank verse, he has done the same with commanding skill. Hopper has humanized the ham. He has given him a soul, a very gentle and self-sacrificing one, and made his pride of his poverty a thing for infinite pity. Also, he has created a figure that may well become a classic of motion picture characterization alongside Wilfred Lucas and James Cagney in "Augusta" and Sir Herbert Tree's "Macbeth."

The heroic devotion of a proud old actor to a little circus rider, a girl in her teens, who is pursued by his son, almost as bitter as the actors, is the theme of the story. In the end he gives his life for her.

The play is fittingly called "Stranded," and will be shown here on the Tribune programme at the Pastime theater today and tomorrow. Supporting Mr. Hopper are Bessie Love and a strong Triangle cast.

The Majestic is right here at our store where you can examine it thoroughly. Before you buy, you can prove to your own satisfaction that it is the best range value.

The Majestic saves repairs and gives longer service than ordinary ranges. It is built of heavy steel which cannot break or perish, practically airtight iron stove parts to prevent charring by actual tests prove rust and corrosion are impossible.

It takes up less room, because it is designed to fit easily into all parts of the oven and reflect to all surfaces of the tankless fire heating system boards.

The Majestic copper receiver, with its unique pressure system, is a famous water heater.

Don't compare the price of the Majestic with those of cheap ranges, unless you compare the quality also. The Majestic price is really not a higher price, but rather a lot more quality for a little more money.

An examination of the Majestic Range will convince you that the surest way to save money is to get Majestic quality. Come and see the Majestic at our store and let us show you why it is the best range investment.
